

Curriculum Vitae

Shiran Rachmilevitch

Last update: August 2016

Contact Information

Address: Department of Economics, University of Haifa.

Mount Carmel, Haifa 31905, Israel.

Email: shiranrach@gmail.com; shiranrach@econ.haifa.ac.il

Tel: 972-4-8249588

Education

Northwestern University, Evanston, IL. Ph.D in Economics, 2011.

Committee: Wojciech Olszewski (Main advisor), Ehud Kalai, James Schummer.

Job Market Paper Title: "Bribing and Signaling in Auctions."

The Hebrew University, Jerusalem, Israel. B.A. in Economics, 2005 (with Honors).

Academic Appointments

2011-2015: Lecturer, Department of Economics, University of Haifa.

2015-present: Associate Professor (tenured), Department of Economics, University of Haifa.

Publications and Accepted Papers

“Disagreement point axioms and the egalitarian bargaining solution”, 2011, *International Journal of Game Theory*, **40**, p.63-85.

“A characterization of the Kalai-Smorodinsky bargaining solution by disagreement point monotonicity,” 2011, *International Journal of Game Theory*, **40**, p.691-696.

“Gradual negotiations and proportional solutions,” 2012, *Operations Research Letters*, **40**, p.459-461.

“Bribing in first-price auctions,” 2013, *Games and Economic Behavior*, **77**, p.214-228.

“Cooperative bargaining: independence and monotonicity imply disagreement,” 2012, *Economics Letters*, **118**, p.240-242.

“Endogenous bid rotation in repeated auctions,” 2013, *Journal of Economic Theory*, **148**, 1714-1725.

“Bribing in first-price auctions: Corrigendum,” with Maciej Kotowski, 2013, *Games and Economic Behavior*, **87**, p.616-618.

“Randomized dictatorship and the Kalai-Smorodinsky bargaining solution,” 2014, *Theory and Decision*, **76**, p.173-177.

“First-best collusion without communication,” 2014, *Games and Economic Behavior*, **83**, p.224-230.

“Efficiency-free characterizations of the Kalai-Smorodinsky bargaining solution,” 2014,

Operations Research Letters, **42**, p.246-249.

“Bridging the gap between the Nash and Kalai-Smorodinsky bargaining solutions,” 2014, *Contributions to Game Theory and Management*, vol. 7, p.300-312. (Editors: L.Petrosyan, N.Zenkevich)

“The Nash solution is more utilitarian than egalitarian,” 2015, *Theory and Decision*, **79**, p.463-478.

“A characterization of the asymmetric Nash solution,” 2015, *Review of Economic Design*, **19**, p.167-171.

“Nash bargaining with (almost) no rationality,” 2015, *Mathematical Social Sciences*, **76**, p.107-109.

“Bribing in second-price auctions,” 2015, *Games and Economic Behavior*, **92**, p.191-205.

“Egalitarian-utilitarian bounds in Nashs bargaining problem,” 2016, *Theory and Decision*, **80**, p.427-442.

“Weighted randomized dictatorship and the asymmetric Nash solution,” 2016, *Economics Letters*, **143**, p. 1-4.

“Symmetry and approximate equilibria in games with countably many players,” 2016, *International Journal of Game Theory*, **45**, p.709-717.

“Punishing greediness in divide-the-dollar games,” 2016, forthcoming in *Theory and*

Decision.

“Approximate equilibria in strongly symmetric games,” 2016, forthcoming in *Journal of Mathematical Economics*.

Seminars and Conference Presentations

2012 4th World Congress of the Game Theory Society (Istanbul); Tel-Aviv University; Technion.

2013 Econometric Society North American Winter Meeting (San Diego); 7th International Conference on Game Theory and Management (St. Petersburg); 13th SAET Conference (Paris); 5th Israel Game Theory Conference (Tel-Aviv); Israel Economics Conference (Tel-Aviv).

2014 14th SAET Conference (Tokyo); ORSIS 2014 (Tel-Aviv); Bar Ilan University; Seoul National University; Bilkent University (Ankara).

2015 15th SAET Conference (Cambridge, UK); ORSIS 2015 (Haifa); Bar Ilan University.

2016 Washington University in St. Louis; 5th Bilkent-Economics Annual Summer Workshop (Ankara); 5th World Congress of the Game Theory Society (Maastricht).

Teaching

Teaching Assistant Northwestern University, Economics Department (2008-2009): Intermediate Microeconomics (Undergraduate).

Instructor University of Haifa, Economics Department (2011-2016): Intermediate Microeconomics, Game Theory (Undergraduate).

Instructor University of Haifa, Computer Science Department (2014-2016): Game Theory (Undergraduate).

Refereeing

Economics Bulletin, Economics Letters, Games and Economic Behavior, International Game Theory Review, International Journal of Game Theory, Journal of Economic Psychology, Journal of Economic Theory, Journal of Economics and Management Strategy, Journal of Industry Competition and Trade, Journal of Institutional and Theoretical Economics, Mathematical Methods of Operations Research, Mathematical Social Sciences, Operations Research, Operations Research Letters, Social Choice and Welfare, The Journal of Conflict Resolution.
